User test: AnnaBot

Name: Erik

Age: 22

Gender: Male

Study: Data

Your task is to use the application to switch majors from "Kommunikasjonteknologi" to "Datateknologi".

In this scenario, you have studied 2 semesters of "Kommunikasjonsteknologi".

Please use the tools available in this program to make your custom studyplan for this switch, and please think "loudly", so we can observe your way of using our application.

If you were to ever switch majors, would you use an application like this to help you figure out what courses you had to take? Answer below:

JA

Is there anything you would change (or features you would add) to the application? Answer below:

Litt alternativer, måter for brukeren å vardere studieplanen etter eget ønske.
Eksamensdatoer er litt feil. Noen semestre virker umulig.
